A message from the chairman:

This October, Oklahoma bankers will head to Washington for our annual visit. This year's visit is particularly important considering our window of opportunity for meaningful regulatory reform. This event provides Oklahoma bankers the opportunity to meet and discuss issues and ideas with our congressional delegation as well as key staff members. In addition, we will be meeting with all of the regulatory agencies. I urge all banks to consider sending an executive to this event. In addition, I would ask that you consider sending an Emerging Leader. It's time to get our next generation of leaders involved in the political process. They will gain valuable insight in how the political process works as well as networking opportunities with other Oklahoma bankers. Now is the time to be an advocate for the Oklahoma banking industry.

Hope to see you in Washington!
