

Portable UV Counterfeit Detection

A quick, effective way to evaluate currency, credit cards, passports and Oklahoma driver's licenses

Is it for real? Currency and credit cards both have security features that appear under ultraviolet light to let you know you are handling the real deal.

Currency Detection

- \$100 — Red security thread to the left of the President's picture
- \$50 — Yellow security thread to the right of the President's picture
- \$20 — Green security thread to the left of the President's picture
- \$10 — Orange security thread to the right of the President's picture
- \$5 — Blue security thread to the left of the President's picture

Credit Card Detection

- American Express — "Amex" in one-inch letters with a globe in the center
 - Visa — An image of a dove in the center of the card
 - Mastercard — Capital letters "M" and "C" on the front of the card
 - Discover — "DISCOVER" or "DISCOVER NETWORK"
 - Diners Club — Capital letter "D"
- Requires 4 AA batteries, not included
